Vets for NHS Online CPD Event

This is an Online Veterinary CPD Event that is raising money for NHS Charities Together, because NHS staff are tirelessly caring for COVID-19 patients.

This CPD event is a fantastic opportunity for vets and vet students to get world-class education from international opinion leaders and support our hard working NHS colleagues and make a difference at this most difficult of times.

Raising money for NHS Charities Together

The CPD sessions are FREE, but we do ask that participants help us to raise money for our colleagues in the NHS by making a donation on the Vets for NHS Just Giving page.

To make a donation now please visit
